

# application directions

Purest nicotine source. Your dose, your ritual.

What You Need (Included in Kit)

10ml Nicotiana-infused castor oil dropper

30 organic cotton center patches

Silicone sheet backing (peel-off before use)

2-Step Application (12-Hour Wear)

Apply drops: Place 3-10 drops (3-10mg nicotine) directly onto the organic cotton center of the patch. Let absorb for 30 seconds.

Application: Press your custom dose patch firmly to clean, dry skin (abdomen, wrist, thigh, upper arm, bottom or top of foot).  
Wear up to 12 hours.

Removal:

Peel off slowly—silicone releases cleanly, no residue.  
Discard patch; refill dropper lasts months.

Best Practices:

Dose guide: Start 3 drops (3mg); adjust up for needs. Twice daily max.

Skin prep: Clean area; avoid lotions.

Storage: Cool, dark place. Oil stable 12+ months.

Sites: abdomen (digestion + glow), wrist (steady absorption).

Dual benefits: Steady nicotine microdosing + castor oil hydration.

Consult physician if pregnant/nursing.
